Mr. Charles W. Snodgrass
Committee on Appropriations
House of Representatives
Washington, D. C. 20515

Dear Chuck:

In response to your telephone inquiry of last week, we have looked at our obligations through July and anticipated expenditures through 30 September. There is no longer a need for additional FY 1978 funding to accompany the staffing increase requested for end FY 1978 [redacted] because:

- approval of the FY 1978 reprogramming has been delayed to almost the end of the year; STAT
- hiring to replace [redacted] employees who have left the Staff in the last three months has been deferred until manpower levels were approved; and,
- we have deliberately held controllable expenses to a minimum.

The projections shown on the attached table include funds to finance the services of all non-reimbursable detailees. Should these funding projections prove conservative, it is my intention to return any end-year obligated balance to the Treasury.

Sincerely,

STAT
